

# Time for Some Bubbles!

The weather is getting warmer.

The sun is out.

The world needs more **bubbles**.

Here is a bottle of bubbles for you.

---

## Some rules, and tips:

- Use outside or from a window
- Don't spill on the ground, which would then be slippery
- Bubbling with friends can be fun, but keep 6 feet apart (due to the virus)
  - Wash your hands afterwards (due to the virus)
  - Have fun!

*Questions or ideas?*

Please talk with your Building Manager.

Thank you!
