Executive Director

ED Mirra referred the board to his report and welcomed questions. He mentioned two topics. The House and Senate budget committees have passed their respective proposals for HUD’s budget. The Senate proposal is preferable for what we do and hope to do. He also announced that this is Nancy Vignec’s last board meeting. She is retiring after 22 years of service. He said that THA is grateful for her dedicated service. ED Mirra stated we are looking for an interim Community Services Director to lead the department. He hopes to have an announcement of the selection of the interim director at the August BOC meeting.

Finance

Director Shalik directed the board to the finance report. He referred the board to the agency financials stating that the proposed mid-year budget revision should reduce the anomalies between the budgeted and actual numbers. He added that, considering all of the budgetary challenges, we continue to be in good financial shape. He announced that HUD and THA have signed the settlement resolving the “benchmarking” dispute. He anticipates the \$1.2M arriving soon. The funds will be put into the MTW account. ED Mirra stated the mid-year budget revision does not include the \$1.2 M funds. Director Shalik discussed the RAD project. MTW flexibility will be used with conversion and tenants rents will be adjusted. Commissioner Mowat requested staff to provide some material to explain RAD. Real Estate Management and Housing Services

Director Black directed the board to her report. She reviewed units turned and units identified as meth units. There has been a reduction in the number of identified meth units. There are currently 70 contaminated units and 30 clean units. Chair Flauding asked about the meth inspection process. She asked if Rainbow take care of cleaning and remediating? Director Black stated yes. Chair Flauding asked why it is taking so long to turn a clean unit. Director Black explained that the clean units may have been delayed due to schedule of testing that determined they were clean. April also addressed concerns from residents at G Street related to the cleanliness of the building and the bedbug issues. She noted that representatives from Sprague are in attendance tonight to address any questions the board would like to pose. She reviewed the efforts and the encouraging progress. Chair Flauding said that she continues to read materials on the treatment of bedbugs. She stated she has learned from her research that bedbugs are going to be difficult to eradicate. She appreciates THA's approach and appreciates the residents bringing forward their concerns. Commissioner Rumbaugh asked if there is a proactive approach to lessen the level of contamination. Director Black stated there is. Scheduling inspections to include the use of dogs and reinspecting units 30 days after treatment will reduce the level of contamination. THA will also begin an annual inspection of units. Chair Flauding thanked April for her leadership.

Real Estate Development

Interim Director Hansen directed the board to her report. She provided an update on several RED projects. The LASA project is on track for construction to begin November, 2013. DR Horton began building their model homes in Salishan. The model homes should be ready in September or October, 2013. Hillside Terrace Phase 1 construction is moving right along on schedule. Commissioner Mowat asked staff to arrange a visit to the board from DR Horton and request them to provide their plan and update for the Salishan lots.

Community Services

Director Vignec directed the board to her report. She noted that this is her last board report prior to her retirement. She directed the board to her report highlights. To date, 36 clients have been placed into jobs. CS and PM staff held the construction academy at the

sites. Director Vignec recently met with Workforce Central. She reports it was a very good meeting, and she was able to describe client needs for the special McCarver family employment needs. She reviewed the HOP Program and the supportive services THA is providing. Director Vignec thanked everyone for their kind words on the occasion of her retirement. She has enjoyed her service to THA. The work is so important for our clients.

Human Resources

Director Barbara Tanbara directed the board to her report. She discussed the very good employee survey results. Although the results are positive, she sees this as an opportunity and a challenge, and wants to improve. THA staff provided good ideas during the employee focus groups. Career development was high on this list. THA received a large public records disclosure request related to a former employee. Barbara will coordinate with the Public Records Officer to respond to the request. She reported that THA hired Waldron and Company for the RED Director search. She is happy to report the employee turnover is trending at 8.4%. There is room for improvement but is pleased to be trending under 10%.
